

I Can't Stand Missing You

w/m D. Cooper Getschal & Jeff Barry

No one ever told me in the bill of goods they sold me
Night would never end until I saw your face again
No one ever said that I'd be lying in my bed
Calling out your name. It's driving me insane

I Can't Stand Missing You

(I wonder if you ever wonder if I'm true to you)
(Anybody who knows me knows I got a thing for you)
(That's why it's so hard thinking about holding you tight)
(I can't stand it, I can't stand it one more night)

I Can't Stand Missing You

Too far down the line I can't turn back the hands of time
Girl you know I would if there was anyway I could
When I'm too deep in it ever second takes a minute
No matter what I do my mind keeps going home to you

I Can't Stand Missing You

(I wonder if you ever wonder if I'm true to you)
(Anybody who knows me knows I got a thing for you)
(That's why it's so hard thinking about holding you tight)
(I can't stand it, I can't stand it one more night)
