

# I'm A Lonely Man

w/m D. Cooper Getschal

I'm a lonely man with friends around me all the time  
I'm a lonely man with friends around me all the time  
I see lots of pretty women  
But I ain't got one to call mine

I'm a simple man and simple things are all I need  
I'm a simple man and simple things are all I need  
Always looking for a garden  
Where I can plant my seed

It's long hard road up and down the notes of life  
It's long hard road up and down the notes of life  
Music is my mistress  
Ain't no room to have a wife

How bout you little lady have you got some time for me  
Then let's fly eye to eye and what will be will be  
We couldn't measure all the pleasure that tonight is gonna bring  
Heed my warning in the morning I will hit the road to sing

I'm a peaceful man always try to do what's right  
I'm a peaceful man always try to do what's right  
Entertaining all the people  
but I'll be going home alone again tonite
