

# No Brakes

w/m D.C. Getschal/ Kirkman Ridd/ David Sams

Well I come fully loaded with the horses and the fire  
When I switch on my ignition you can hear it for a mile  
Tighten up baby 'cause we're shooting for the top  
Once we back outta here ain't never gonna stop  
If there's feeling you want baby let it be  
When it comes to danger I'm no stranger to speed

No Brakes, No Brakes. No fear no stopping 'cause I know what it takes.  
No Brakes, No Brakes. There ain't no lookin' back yeah no room for mistakes  
If you wanna go faster I'll tell you what it takes  
Oh, No Brakes, No Brakes.

Living ninety miles a minute ain't got time to go away  
But I swear I'd sell tomorrow if it gets me through today.  
When you ain't got no flight insurance you ain't got no guarantee  
Those dangers out there just don't mean a thing to you and me  
When you're lost in the pack, ain't got room to breathe  
Giving them exactly what they gave to me...

No Brakes, No Brakes. No fear no stopping 'cause I know what it takes.  
No Brakes, No Brakes. There ain't no lookin' back yeah no room for mistakes  
If really wanna win I'll tell you what it takes  
Oh, No Brakes, No Brakes.

No Brakes, No Brakes. No fear no stopping 'cause I know what it takes.  
No Brakes, No Brakes. There ain't no lookin' back yeah no room for mistakes  
I ain't scared 'cause I know what it takes  
Oh, No Brakes, No Brakes.
