

On The Way To Our Dreams

w/m D. Cooper Getschal/ L.C. Randall/ D. Sams

From now on we're all we can be. We spread our wings and fly across the sea.
Here we are just you and me. Don't you know it's destiny, it's where we should be.

We're On The Way To Our Dreams I'm glad you walked the road with me
To our victory
We're On The Way To Our Dreams It's worth the flight we'll take,
You'll see... sweet victory On The Way To Our Dreams

Now we know why we're alive. We'll take the risks and we'll survive
We believe in all our dreams. We can fly way up high or so it seems

We're On The Way To Our Dreams I'm glad you walked the road with me
To our victory
We're On The Way To Our Dreams It's worth the flight we'll take,
You'll see... sweet victory On The Way To Our Dreams

Oh, even then alone I knew somewhere out there had to be you

We're On The Way To Our Dreams I'm glad you walked the road with me
To our victory
We're On The Way To Our Dreams It's worth the flight we'll take,
You'll see... sweet victory On The Way To Our Dreams
