

# Once In A Lifetime

w/m D. Cooper Getschal/ Kent Blazy

Once in a lifetime You're lucky if you find true Love  
Boy We've been blessed since the first time we kissed  
And it happened to us  
We'd both be crazy to let it slip away  
We'd surely be out of our minds  
Cause once in a lifetime you're Lucky if you find true love

Is it the rain or are those tears in your eyes  
What have I said or done to make you cry  
One thing's for certain I know that you're hurting  
Way down deep inside  
You might have good reason to say that you're leaving  
But don't let it end in goodbye

Once in a lifetime you're lucky if you find true Love  
Boy we've been blessed since the first time we kissed  
And it happened to us  
We'd both be crazy to let it slip away  
We'd surely be out of our minds  
Cause once in a lifetime you're Lucky if you find true love

Well it's never to late to erase the mistakes we'd both made  
We were meant to be lovers made for each other  
Let's do what ever it takes

Once in a lifetime you're lucky if you find true Love  
Boy we've been blessed since the first time we kissed  
And it happened to us  
We'd both be crazy to let it slip away  
we'd surely be out of our minds  
Cause once in a lifetime you're Lucky if you find true love
