

# Rock It

w/m D. Cooper Getschal/ L.C. Randall/ T.F. Smith

Come on and take a ride on rock and roll  
Let it fill you up and let it take your soul  
You don't need a ticket to take this trip  
Come and climb aboard this rockin' rocket ship

We can make it rock, never gonna stop. We can make it rock now Rock It!  
We can make it rock take it to the top. We can make it rock now Rock It!  
We can make it rock gonna get you hot. We can make it rock now Rock It!  
We can make it rock come on take a shot. We can make it rock now Rock It!

We all have the power to rock this house.  
When we rock together all the stars ignite  
Never coming down from up here in the sky  
We can touch the clouds as we pass them by

We can make it rock, never gonna stop. We can make it rock now Rock It!  
We can make it rock take it to the top. We can make it rock now Rock It!  
We can make it rock gonna get you hot. We can make it rock now Rock It!  
We can make it rock come on take a shot. We can make it rock now Rock It!

You don't need a ticket to take this trip  
Come and climb aboard this rockin' rocket ship

We can make it rock, never gonna stop. We can make it rock now Rock It!  
We can make it rock take it to the top. We can make it rock now Rock It!  
We can make it rock gonna get you hot. We can make it rock now Rock It!  
We can make it rock come on take a shot. We can make it rock now Rock It!
