

# The Only Thing Wrong With Her Is Me

D. Cooper Getschal & Anthony James

She's got it all every thing a man could need  
A pretty smile, a sexy walk, all the best attributes indeed  
She only has one flaw if look close enough you'll see  
The Only Thing Wrong With Her Is Me

She's got a job with responsibilities  
She can sing along with every song I love  
When her tender lips meet mine we're in perfect harmony  
I'm really bad for her but love is blind and she don't see

She's got it all every thing a man could need  
A pretty smile, a sexy walk all the best attributes indeed  
One little imperfection I'm inclined to let it be cause  
The Only Thing Wrong With Her Is Me

All the heads turn when she walks in a room  
And everyone she meets becomes a friend  
She enjoys the simple things which is what I can afford  
I do everything I can to make sure that she's never bored

She's got it all every thing a man could need  
A pretty smile, a sexy walk all the best attributes indeed  
She's pretty close to perfect and I'm sure you'll agree  
The Only Thing Wrong With Her Is Me

Well, I wonder what she's thinking holding on to what we got  
If she comes to her senses we'll be done  
If she leaves for greener pastures man it's gonna hurt a lot  
But on her all-time favorite Hit Parade I'm still number one

She's got it all every thing a man could need  
A pretty smile, a sexy walk all the best attributes indeed  
She only has one flaw if look close enough you'll see  
That The Only Thing Wrong With Her Is Me  
Maybe we can make it right we'll have to wait and see  
'Cause The only thing that's wrong with her is me.
