

# WELCOME HOME

D. Cooper Getschal

They say that home is where the heart is with your family and your friends.  
On The road you share together until your journey ends  
Early as we're learning to become what we are not yet  
Home's the place to try different things while there's still a safety net

Then comes the day we're ready to go out and be on our own  
Remember to keep home in your heart you'll never be alone  
There will always be the memories of the bottoms and the tops  
Life continues going on (round and round) until the music stops...

Home, Home I could call this place home  
Tho I may have not been here before  
I can feel all the warmth and support in the room  
Now isn't that what we're all looking for?  
Home, Home I could call this place Home  
I'm connected to everyone here.  
And in just a short while we'll go separate ways  
and this will be a memory to last throughout the years

Home Home Welcome Home, (Welcome Home)  
Home wherever you go. (Wherever you go)  
Home home you'll always be home  
when there's love in your heart you won't be alone  
Welcome Home. (Welcome Home), (Welcome Home, Welcome Home)

Everybody has potential if you're willing to take the chance.  
And maybe make a fool of themselves learning to sing or dance.  
The future is always wide open when you decide to make the right choice  
To study and learn what to say or sing before you raise your voice  
(Before You raise your voice)

With every new adventure we learn and grow inside  
When there's nothing ventured nothing gained but at least you know you tried  
(at least you know you tried)  
A family is forever in spirit and heart and mind  
Because love can span the distance and stand the test of time

Home Home Welcome Home, (Welcome Home)  
Home wherever you go. (Wherever you go)  
Home home you'll always be home  
when there's love in your heart you won't be alone  
Welcome Home. (Welcome Home), (Welcome Home, Welcome Home)
