

**You're Everything To Me**  
**Getschal/Palanker**

Funny Thing, When I'm Lonely  
I know that you are only just a whisper away  
And all I have to say is that I'm needing you

And I know It's forever The vows we took to stay together  
Never alone the promise that we made  
Until our dying day and...

When I look into your eyes, I see diamonds from the moon  
And I can see the stars and all the universe I know  
You're all I need to see  
You're everything, **You're Everything To Me**

Used to be, before you found me  
I was lost then you wrapped your love around me  
and I knew right then and there  
That this was good, this was so good

Now that we are together, we'll be fine in any kind of weather, port or storm  
we'll be safe and warm in each other's love

And When I look into your eyes, I see diamonds from the moon  
And I can see the stars and all the universe I know  
You're all I need to see  
You're everything, **You're Everything To Me**  
And as I gaze into your eyes  
I can see the stars above  
and the shadows in the moonlight this must be love  
It's so beautiful to see. I can even hear the angels sing  
You're everything, **You're Everything To Me**

And When I look into your eyes, I see diamonds from the moon  
And I can see the stars and all the universe I know  
You're all I need to see You're everything, **You're Everything To Me**  
I can see the twinkling stars above  
and shadows in the moonlight this must be love  
I can even hear the angels sing You're everything, **You're Everything To Me**
