

You Are For Me

w/m D. Cooper Getschal

For a share in your life and dreams
I would dare to swim through stormy seas
Climb any mountain higher than anyone has been before
A moment of your precious time you can make yourself all mine.

You Are For Me, You Are For Me

In case you haven't noticed I dig your style
The thought of us together makes life more worthwhile
Stars all seem brighter each day an affair
That others could envy and we could share

You Are For Me, You Are For Me

I've been alone too long singing my solo song
I need you. You need me too
What we need if we're agreed is Love

If you give me just one chance
I would show to you a true romance
Help share the load as we ease down the road
Sharing and caring 'til we grow old

You Are For Me, You Are For Me
You Are For Me, You Are For Me
