

I GIVE YOU MY COMMITMENT
Getschal/ White

Now we have this chance to love
And with you, I feel so free
Your heart is always open
I don't feel the need to leave
Cause there's nothing to escape from
You are my total freedom
Together we discovered what the power of love brings

So I give you my commitment
Forever, for always
I feel free enough with you
To want to make this choice
And this feeling deep inside of me
Tells me this is right
So I give you my commitment
All my love

[Verse 2]
I've been waiting a lifetime
For your love to come to me
Now every day's a tender moment
You are the one I need
No more fears to keep us waiting
No more nights anticipating
Cause we will be together
Until the end of time

CHORUS

[Outro]
You and I will stand together, together
Build a love that lasts eternally
