

I Get Along

w/m D.C. Getschal & Janey Clewer

I Get Along with Sally, I Get Along with Sue
I Get Along with Lorna and curvy Betty Lou
I get Along with Mabel and I Get Along with Claire
But when I get to Heaven can I bring my angels there?
I Get Along, ooo you know I Get Along

Daisy gives me goosebumps up and down my spine
Brenda love to rub my feet and fill me full of wine
Flo can sure excite me like a rocket to the moon
Georgia's like a heatwave when I wrapped in her cocoon
Shirley's surely sexy when she whispers in my ear
If I left it up to her she'd make it her career
Julie gets me jumpin' when she touches vital parts
And even likes to nurse me back to health God bless her heart

Chrous

Some might think I'm callous and call me a Don Juan
But I know they're just jealous cause they ain't getting' it on
I've got my own collection seven flavors of the week
To settle on one selection is looking mighty bleak

My women all are perfect tens with skin as smooth as glass
They all look like centerfolds with legs up to their
Ask me no more questions the truth is what I tell
The thing that does concern me is I don't wind up in , well, I.....

Chorus
